What to expect this time

On behalf of the children and grandchildren of Leila Mack Rivers, we present to you the **2010 Strozier-Mack Family Reunion**.

We are in the process of planning next year's reunion. Our theme is "**New Beginnings**" and that is exactly what it will be. Our goal is to take you places that you have never been, do things that you have never done before and make this event the most memorable Family Reunion yet.

Here is a sneak preview into some of the items that we are planning. We have added an additional day to the reunion and we are taking away the tradition of having the reunion in the same place that the family lives in. For this reunion, tradition has definitely been thrown out the window. We have taken old

traditions and twisted them. So... what does this mean to you? Well....why not start the reunion on Thursday instead of Friday. And why do we have to have the reunion in Jacksonville, when Orlando is so much more exciting. These are just a few items that will be changing this year.

Although we do not have any information on pricing at this time, we are making all necessary attempts to ensure that this reunion is affordable to everyone.

Website/coming events

We have invested in a family website so that all family members can stay in touch. The website can be found at StrozierMackFamily.com. This website will include

everything from a calendar of events, the family tree, updated information on the reunion, pictures of family members and a message board. Now, there is no need to wait for 2

years to find out how everyone is doing! Please check the website regularly for updates. Please don't forget to put your family photos on the website.

Completion of questionnaire

We have enclosed a questionnaire for you to complete. Please take a couple of minutes out of your busy schedule to complete this. You can either complete the paper form or complete online. This is a great opportunity for you

to provide us with updated mailing and email addresses. You will have the opportunity to receive updates via email or mail since everyone is not a fan of the internet. We want to make sure that we accommodate everyone.

Your family's accomplishments

Please keep everyone informed of any accomplishments made by you or members of your family. Please inform us when you get a new job, graduate

from high school, and even when the baby goes to the potty for the first time! If you prefer not to use a computer, drop a letter in the mail and

we will update the website for you. We are family and we are always looking for ways to congratulate each other.
